

## Penny drive helps to rescue horses

Paxton Kerley is presenting David and Karen Everheart, along with two rescued horses, Raven and Sweet Pea, with a check from the Penny Drive Paxton held at the Sedan Elementary School. The money will feed one rescued horse for one year. Paxton and her mother, Dawn would like to thank all the parents for letting their children participate in the Penny Drive. It was a great success.

## Special recognition given to Sedan student

Dear Editor:

Paxton Kerley, a 7th grade student at Sedan Middle School, wanted to do something to help the rescued horses at Rainbow Meadows Equine Rescue and Retirement, Inc., and help she did. Organizing a Penny Drive, Paxton and her mother Dawn Kerley, worked tirelessly to encourage the students at Sedan Elementary to bring their pen-

nies, nickels, dimes and quarters to donate to the horses. For one week, the students cleaned out their piggy banks and hounded their parents for extra change. At the end of the week, \$633.16 was collected. An additional \$50.00 was donated by the Sedan High School making a total of \$683.16 in donations from Sedan's school children.

This wonderful gift will al-

low us to buy enough feed to care for our resident horses for a full month! That is truly a generous gift.

Sedan should be very proud of these great kids. Rainbow Meadows Rescue is very grateful! Thanks, kids!
